Sunday Downtime Is Not Always A Good Thing

Dear Readers;

Our primary goal with CDX TRAction continues to be to provide REAL airplay data that allows artists and labels to focus their marketing and promotion efforts on stations, cities and geographic areas where they are truly making an impact so that they can build upon that success. To that end, we monitor hundreds of radio stations that have never been monitored before.

As you might imagine (because we all have a computer and a cell phone), there are many technical challenges (weather, stream outages, internet outages, hardware failures, etc.) involved with maintaining a system that monitors real airplay on hundreds of radio stations. And unfortunately, one of these challenges happened over the weekend. Our monitoring system was adversely affected by a series of unusual outages on one of the networks where we monitor and process streaming audio data. The bottom line is that there were a significant number of missed detections during the outages.

Due to this hiccup, the week-to-week aggregate chart data is not fully comparable, so the week-over-week spin differentials could be interpreted incorrectly on many charting singles. This will also be the case next week, so we are publishing the chart for this week and next without the normal spin differential (+/- spins) data.

CDX Traction continues to provide actionable airplay data on many market stations that have not been monitored before. Please bear with us as we work through the technical issues to minimize monitoring disruptions such as this in the future.

Stay tuned,
Joe Kelly

The Test Drive

PRESENTED BY THE HOT SEAT

FREE CONTENT FOR YOUR STATION WEBSITE!

Wanna take your listeners on a ride through Music Row? Well, here is your chance! The Test Drive showcases country music's brightest newcomers and legendary hit-makers in a 3-5 minute vignette giving your listeners an exclusive insight on what they are currently doing. Whether a new artist releasing their first song to radio or a legend reminiscing about their past, The Test Drive brings something special for your listeners to enjoy!

It's very simple. We will provide your webmaster with an embed code to place on your homepage. Once that is done, The Test Drive will change every 1st and 15th with a new artist and you have to do nothing more. How can your station make money from this? Well, you can sell it to local car dealers just like WLVK did.

Check it out: <http://www.bigcat1055.com>

TESTIMONIALS

"We released a single to radio and launched it to stations using The Test Drive. It was the first visual of "I Love This Life" that radio and fans got to see. Now, we are celebrating a Top 10 national Billboard hit with this song, but we always remember it had to start somewhere and that was on The Test Drive."

-Preston Brust,
member of LOCASH

"The Test Drive helped expose my music to program directors that initially would not give my song a listen. Having listeners hear it on the station's website really made a difference in getting the station to add my single, which went to #10 on the Music Row chart. I think The Test Drive along with my promoters working hand in hand really helped deliver a Top 10 single for an independent artist."

-Erica Nicole

"I think The Test Drive is one of the coolest things I have done in a long time. Having hits in the 80s, I thought I would never see my songs or projects showcased with radio today. Boy, I was wrong! I did The Test Drive and got more Facebook posts and emails to my website than you could imagine. Fans thought I had retired, but once they saw me on those station websites, they realized I was still recording and touring. The Test Drive was invaluable to me in spreading the word on my new Legendary Friends & Duets project."

-T.G. Sheppard

"I first learned of The Test Drive from my radio promotions gal Jan Woods. She recommended that I use the service and it helped me land my first Top 40 single on the Music Row chart, with my debut single. I have used this service twice now, and my second single had gone Top 30. The Test Drive gave me exposure in front of these radio programmers that I otherwise would not have received."

-Denny Strickland

"I love the concept of The Test Drive. It allows us at Curb Records to showcase our artists to radio stations that we may not get a chance to visit while on a radio tour. Getting the feedback from the stations on what their audience is saying about the single and artist is great information."

-Jeff Tuerff,
