## Top 100 of 2016

### Hey Kiddos;

As we wrap 2016. I am happy to acknowledge the turn of the season and a new chill in the air marking the passage of time. It seems like a dream when back in July we were moving slowly with the hissing of 90 plus degree days. That's when we launched CDX TRACtion Texas. And it feels like we haven't come up for air until now. The folks at CDX had been busy for several years before I came on the scene, building a forward-looking platform that provides artists a working road map, by seeing where they are getting actual airplay, how much airplay, and in what dayparts, across the country at the stations monitored by CDX TRACtion. Of course, the large markets have had monitored airplay for years, but this is a mighty big country. And frankly there are lots of markets that weren't being monitored at all. Many small and medium markets are where the break-outs happen. They are so important in connecting the dots when artists are touring. Being able to catalog what radio stations take chances on songs and artists, and are on the ground floor of breaking new music, we wanted to help tell that story, too. It is good to see you guys take a bold attitude toward programming for your audience and your radio stations.

We here at CDX TRACtion Texas are proud to present the Top 100 of 2016, which represents our first six months of monitoring the Texas Red Dirt world. We want to thank everyone for the opportunity to serve.

We wish you Happy Holidays and we want to raise a glass in toast to a strong 2017. Skoal!

The TRACtion Texas weekly newsletter is published on Tues. evenings by CDX, Inc. — Connecting the music industry with Texas Red Dirt radio. For more information call [615-292-0123](tel:615-292-0123) or email chart director Jessie Scott-[jessiescott@cdxcd.com](mailto:jessiescott@cdxcd.com)
