I Am 576 Months Old.....Final Thoughts On Our First Year

Dear Readers;

I am 576 months old. Doesn't that sound strange when we put our age in months as an adult? It is quite normal to tell a toddler's age in months but we stop doing that at some point for a reason. We abbreviate the age into years because we fully expect to be around for a long, long time, I guess. TRACtion monitoring and this chart is 11 months old. We are about to enter into it's 2nd year of existence and I can tell you that it feels nice to make the transition from months to years. We plan to be around for a long, long time too. Change is hard and we respect that fact. However, the adoption of monitoring in markets of all sizes for data integration, business optimization, and market innovation was way overdue. Technology has allowed us to develop a product that offers and brings about courageous reform that will bring substantive benefits to our industry. Grace Choi said it best, "Although the truth is not always pleasant...it offers the recipient of that information the chance to change the outcome." If radio programmers are seeing real airplay data from around the country in all markets, it allows them to make wise airplay decisions. If artists, labels and managers are seeing real airplay growth and familiarity building on a single, they can develop a fan-base and tour. It's really that simple. Thanks for all your support.

This Friday we will publish the year end chart for 2016. It will be the CDX TRACtion 2016 Top 200. It covers the chart period from our first chart on Feb. 3rd up to our last chart period which ended Dec. 12th. It should be interesting reading to see where every single placed.

Believe it or not, in 2016 artists that scored hit singles in the 80s and 90s are being considered 'classic country' artists. With radio stations that report to the Billboard and Country Aircheck chart playing very few artists from the 80s and 90s, The Hot Seat in association with Webster Public Relations has created a way to bring the latest news, album updates, and profile segments on those artists to country listeners. These online segments are updated frequently and featured on the stations website.

Artists from Dolly Parton, Kenny Rogers, Brenda Lee, Sylvia, Janie Fricke, Lorrie Morgan, T.G. Sheppard, among so many others are releasing new music without fans ever hearing or learning about this music. Now, that wait is over!!!
